

Outcome Measurement in Palliative and End of Life Care with POS Family of measures

Research Day, 14th February 2020

09.30 - 09.45	Coffee & Registration
Session 1: New advances in the use of POS family of measures in research Chair: Prof Charles Normand, Professor of Economics of Palliative Care & Rehabilitation Cicely Saunders Institute, Department of Palliative Care, Policy & Rehabilitation	
9:45 – 9:50	Welcome by the Chair of the Session Prof Charles Normand, Professor of Economics of Palliative Care & Rehabilitation Cicely Saunders Institute, Department of Palliative Care, Policy & Rehabilitation
9:50-10:30	Launch of the Outcomes Action Collaborative - advancing the use of the POS family of measures across different research designs including trials Prof Irene Higginson, Cicely Saunders Institute Director, Head of Division, Professor of Palliative Care and Policy and Honorary Consultant King's College Hospital
10:30 – 11:00	Using POS data to understand persistence of symptoms in older people who have recently had an unplanned hospital attendance: International Access, Rights and Empowerment (IARE) II Study Dr Anna Bone, Research Associate Cicely Saunders Institute, Department of Palliative Care, Policy & Rehabilitation
11:00-11:15	Refreshment break
Session 2: New frontiers in research with POS Family of Measures – beyond a PROM? Chair: Dr Adejoke Oluyase Cicely Saunders Institute, Department of Palliative Care, Policy & Rehabilitation	
11:15-11:55	POS as a Preference-based Measure Professor Charles Normand, Professor of Economics of Palliative Care & Rehabilitation Cicely Saunders Institute, Department of Palliative Care, Policy & Rehabilitation
11:55- 12:35	Myeloma specific IPOS - MyPOS as an intervention Dr Sally Moore, Consultant Haematologist, Royal United Hospital Bath & the Churchill Hospital Oxford
12:35-13:35	Lunch Break and poster viewing
Session 3: POS Family of Measures in real life settings Chair: Dr Matthew Maddocks Senior Lecturer and Specialist Physiotherapist	
13:35-14:05	The main palliative care symptoms and concerns of older people with multimorbidity Prof Caroline Nicholson, Professor of Palliative Care and Ageing HEE/NIHR Senior Clinical Lecturer Honorary Nurse Consultant St Christopher's Hospice
14:05-14:35	POS as a primary outcome in a mixed methods feasibility cluster randomized controlled trial of the AMBER care bundle Dr Jonathan Koffman, Reader in Palliative Care Cicely Saunders Institute, Department of Palliative Care, Policy & Rehabilitation

Session 4: Parallel Methodological Sessions			
14:40 –15:00	Dinwoodie 1 & 2 (Ground Floor)		Multifunction Room (Ground Floor)
	How to analyse POS data and calculate sample size Dr Emeka Chukwusa, Research Associate Cicely Saunders Institute, Department of Palliative Care, Policy & Rehabilitation		Cross-cultural adaptation and validation of Turkish IPOS Dr Mevhibe Hocaoglu Research Associate Cicely Saunders Institute, Department of Palliative Care, Policy & Rehabilitation
15:00-15:15	Refreshment break		
Session 5: Roundtable Discussions on future directions and exploring collaborations with POS Family of Measures			
15:15 – 15:55	Dinwoodie 1 & 2 (Ground Floor)	Multifunction Room (Ground Floor)	David and Isobel Walker Room (2nd Floor)
	What is the role of POS family measures in economic evaluation studies? Prof Charles Normand (Lead facilitator) Dr Mevhibe Hocaoglu (Assisting facilitator)	How can we advance care through research with POS Family of measures? Dr Jonathan Koffman (Lead facilitator) Dr Emeka Chukwusa (Assisting facilitator)	What other settings and illnesses are POS Family of measures relevant? Dr Adejoke Oluyase (Lead facilitator) Dr Anna Bone (Assisting facilitator)
15:55 – 16:10	Reconvening in Dinwoodie 1&2 for summarizing the main points by the lead facilitators		
Session 6: Abstract Presentations Chair: Dr Mevhibe B Hocaoglu			
16:10- 16:55	16:10-16:25	Palliative care needs experienced by Danish patients with end stage renal disease Dr Jeanette Finderup (CNS) (Presenting), Julie Boje and Jens Kristian Madsen. Department of Renal Medicine, Aarhus University Hospital, Netherlands	
	16:25-16:40	Differing concerns between experts, patients and carers: Findings from content validity studies of the Integrated Palliative Care Outcome Scale (IPOS).
